TO WHOM IT MAY CONCERN

I am pleased to write this letter of recommendation for Md. Shihab Uddin, ID# 183015104, was a Bachelor of Science in Computer Science and Engineering student at Green University of Bangladesh. He has completed his Bachelor's degree in 2021.

Md. Shihab Uddin was very sincere as a student. He has done some of the courses with me. In my classes, I have got him as a competent and enthusiastic learner. In my opinion, He is a quick learner and I have also seen him help his fellow students to grasp the ideas. Shihab is a student who enjoyed good relations with both his peers and teachers. He is very punctual and displayed all-around maturity in his tasks beyond his years.

Though not a native speaker, his reading, writing, listening, and spoken English skills are all strong, and in my opinion, it would not pose a barrier to accomplishing his task in an international environment.

I wish him every success in his future endeavors, especially in his higher education. For any further information about him, please feel free to contact me by E-mail Cell number.

Thanking You,
